NewPanam, a new start

Initially part of the NewParis typeface, NewPanam Skyline is taking a little independence in 2019. Instead of complementing a family, it's taking its unique style outside his last collection to make its own. NewPanam is a sans-serif font that still shares the same vertical proportions than NewParis and still can be combined with it harmoniously even within the same line. Think of NewPanam Skyline as a “non-contrast” sibling. Some of the signature letterforms of the serif are echoed in a stylized form, like the ‘g’ with the audaciously swinging tail, or the ‘y’ with the straight descender. Other letters like the ‘a’ exhibit a different shape that better matches the genre of the geometric sans-serif with its circular forms. The razor-sharp terminals of ‘j’ and ‘t’ add to its personality and charm. With the unmodulated strokes, the sans can step in for captions and other small text where the Didot’s hairlines are too delicate.

I follow the board through the bushes with my spirit, man. I swim with the salmon; inner visions. I see graffiti and I run with the writers. I follow the trail and I recreate their tags with invisible spray-cans and I see how they trekked accross the open plain of the city. I see their wild scribbling and know they were being pursued by police and they were smoking and drinking that whoa. I smell their urine against the wall and recognize the overturned garbage can with the trash strewn all over the sidewalk as their own work; bravo young writers, bravo. I find empty spray-cans that match the color of the tag. I pick up the cans and smell them. I follow the board through the bushes with my spirit, man. I swim with the salmon; inner visions. Sanitation was called on to work 24 hour shifts to get a handle on these Ja tags. They are everywhere. A couple of deaths are blamed on the Ja tags. Old people stuck in their homes die of carbon monoxide and cars crash because their tires can't handle the Ja tags. JA JA. The police are called on to help out. They do nothing but sit in their cars talking on their cell phones. I got things to do, you do. but today we don't get to. We just got to ride out this Ja wave. It's everywhere. This hasn't been the first time. The city has been dealing with this for decades and all the kids he inspired have been bombing this city for deep. It's a war cc
